

## Seabury Hall Parents and Community:

We, the Winterim Committee members, are surveying parents and people involved with the Seabury Hall community in an effort to determine if there are resources or expertise available from you that we might be privileged enough to receive to better help facilitate our Winterim programs. Whether you have resources or not, we are also interested in hearing if you have a proposal for a Winterim program that reflects the students' interests. If so, please fill in the section below and the Winterim Committee will contact you.

If you have any ideas, resources, or expertise, we encourage you to provide the following information. We appreciate any feedback that you may have. Please return this form to: Seabury Hall, Attention: Middle School Winterim Committee (or email Michelle Brown , Middle School Winterim Director at mbmaui@yahoo.com), or Seabury Hall, Attention: Upper School Winterim Committee (or email Marsha Kelly, Upper School Winterim Director at mkelly@seaburyhall.org).
